

Employee Eligibility Proof Documentation

Please replace this sheet with the following THREE items:

Item 1

ONE of the following:

- Have the employee sign the attached Self Attestation form
 - If the employee is a minor, please send a signed letter from their parent or guardian indicating that they have not been attending a secondary, technical, or post-secondary school during the past 6 months
-

Item 2

ONE of the following:

- A copy of the employee's Drivers License
 - A copy of the employee's Work Permit
 - A copy of the employee's School or Library Card
 - A copy of the employee's Voters Registration Card
 - A copy of the employee's Birth Certificate
-

Item 3

ONE of the following:

- A copy of the employee's Unemployment Claims Record
- A copy of the employee's Unemployment Benefits History

OR, if neither is available, submit the application regardless. Often times the state workforce agency can pull the Claims or Benefits history, however it helps if it can be provided to them directly. Or, if this is the employee's first job then these will not be available and do not need to be included.
